# ***"Green Your Footprint" Photo Contest***

Frisco's Environmental Services ran a contest asking our young residents what "Green" choices they make every day. When you make an environmentally responsible choice, you are setting a positive example for others to follow! Plus, you are leaving a "Green Footprint" behind. Contest winners have been caricaturized and shown in this coloring book.

The Environmental Services Team would like to thank all contest participants and all of the Green Team members that make Frisco such a beautiful and outstanding community in which to live.

Here are some helpful reminders from Super Rufus and friends that will help you "Green Your Footprint" every day. Cut them out and stick them on your calendar so you will remember to **TAKE ACTION!**

	I will reduce the amount of total waste I produce today.		I will turn off the lights when I leave the room today, to help conserve energy.
	I will choose a reusable water bottle today.		I will walk or ride a bike to school instead of having my parents drive a car.
	I will recycle today and help a friend recycle too.		I will upcycle today and make something new out of something old instead of throwing it away.
	I will recycle batteries and plastic bags today.		I will teach a friend how to care for our planet today.
	I will pick up litter when I see it today and put it where it belongs.		I will make a <b>GREEN</b> choice today and predict how it will impact our world.
