HELP RUFUS CLEAN UP THE CITY OF FRISCO BY  
COLORING IN ANY PIECES OF SCATTERED LITTER!

HINT: THE TRASH IS ALL RECYCLABLE!

I pick up trash and scan what is  
around me to see if there is trash. I help  
keep our air fresh by picking up garbage.  
You can help the world by picking up trash.

Answer:  
Using a water bottle  
makes our community  
a cleaner place.

I will support my community by using reusable water bottles instead of plastic bottles. A water bottle is reusable, but a plastic bottle is not. This will make our community a cleaner place.

# SORT THE TRASH

Sort the items into their bins!  
Draw a line from the item to the trash bin  
or the recycling bin to help keep  
our planet clean!

My contribution to keep our  
environment clean is to recycle.  
Sorting trash helps reduce the amount  
of trash that goes in the landfill.

Help Rufus find the faucet!

Finish

I want to conserve precious water to help our community. I will do this by taking shorter showers, using sprinklers once a week only when needed, and not leaving the tap on while brushing.
