WALNUT'S SAFETY CLUB RULES

All minors must always be under parental supervision, just as in any public space.

Lifeguards are here to respond to emergencies and should not be expected to serve as a guardian. Children should always stay within arms reach of a supervising adult.

The activities in the water park have varying levels of thrill and may have requirements based on physical and mental abilities. It is a parent's responsibility to know their child's ability and help them make decisions in their participation.

Weak or non-swimmers should wear a properly fitted life jacket. Courtesy life jackets are available throughout the water park.

Wristbands must always remain on.
